Teacher Standards

MISSOURI’S EDUCATOR EVALUATION SYSTEM
Introduction

The Missouri Teacher Standards convey the expectations of performance for professional teachers in Missouri. The standards are based on teaching theory indicating that effective teachers are caring, reflective practitioners and life-long learners who continuously acquire new knowledge and skills and are constantly seeking to improve their teaching practice to provide high academic achievement for all students. **Thus these standards recognize that teachers continuously develop knowledge and skills.** Therefore the Missouri Teacher Standards employ a developmental sequence to define a professional continuum that illustrates how a teacher’s knowledge and skills mature and strengthen throughout the career. Teaching professionals are expected to supply good professional judgment and to use these standards to inform and improve their own practice.

Data Points established for each level of the Professional Continuum help define or give meaning to the Indicator Terminology

**Coding of standards:**
- First Number = the # of the standard
- Second letter = the developmental category of the teacher (C=Candidate; N=New; D=Developing; P=Proficient; S=Distinguished)
- Third # = the sequential # of the quality indicator for that teaching category in that standard

[Example 1D4 = Standard #1; Developing Teacher; Quality Indicator 4]
